CITY OF MASON  
WASTEWATER TREATMENT PLANT IMPROVEMENTS  
MASON, MICHIGAN

Sealed proposals for the construction of the WASTEWATER TREATMENT PLANT IMPROVEMENTS will be received by the City of Mason, 201 West Ash Street, Mason, Michigan 48854, until 1:00 p.m., Local Time on June 14, 2023.

Bidders shall review and comply with the Instructions to Bidders, which are incorporated by reference, and carefully review all Contract Documents, as defined in the Instructions to Bidders. Bids submitted after the exact time specified for, receipt will not be considered.

The Contracts will consist of the following principal items of work and appurtenances as specified herein and shown on the Contract Drawings.

Description of Work

The contract will consist of furnishing of labor, materials, equipment, and construction of the following:

1. New oxidation ditch.
2. Two new 65' diameter final settling tanks.
3. Return activated sludge pump station building including pumps, piping, and waste activated sludge piping with adjacent electrical room.
4. Tertiary filter and ultraviolet disinfection building including equipment, piping, and channels.
5. Final effluent water system.
6. Sludge digestion improvements
7. Dewatering building including dewatering screw press and conveyors to roll-off container.
8. Site work including WWTP access road, yard piping and valves, site and building utilities.
9. Installation of emergency generator.
10. WWTP SCADA installation.
11. Demolition of existing structures and DPW buildings.

Plans and Specifications and Bid Proposal Forms are available through the Michigan Intragovernmental Trade Network (MITN) <https://www.bidnetdirect.com/mitn/>

Questions regarding this project should be addressed to: Hubbell, Roth & Clark, Inc., 2101 Aurelius Road, Holt, MI, 48842 via email at: [durquhart@hrcengr.com](mailto:durquhart@hrcengr.com). Questions must be received by HRC by June 9th at noon to be considered.

Contractors or Subcontractors performing the work of this contract shall be required to submit previous relevant experience in order to be considered.

A Pre-bid Meeting is scheduled for 1:00 pm on May 22, 2023, at the City of Mason City Hall Council Room, Mason, Michigan 48854. At the meeting, the bid proposal and Project Sequence Requirements will be discussed, and a site walk-through will be held following the meeting. Meeting minutes from the Pre-Bid meeting are after this specification Section 00030.

**All bidders must conduct a site visit to the WWTP if they are unable to attend the Pre-bid meeting. The site visit may be arranged with the City staff.**

Proposals submitted by Bidders who have been debarred, suspended, or made ineligible by any Federal Agency will be rejected.

**Each bidder agrees to waive any claim it has or may have against the Owner, the Architect/Engineer, and their respective employees, arising out of or in connection with the administration, evaluation, or recommendation of any bid.**

Each bid proposal shall be submitted in hard copy form on the proposal forms in a sealed envelope clearly marked **“BID FOR WASTEWATER TREATMENT PLANT IMPROVEMENTS”** provided and shall be accompanied by a certified check, cashier's check or bid bond, executed by the bidder and Surety Company, payable to the City of Mason in the amount of Five Percent (5%) of the accompanying bid. Proposal Guarantee shall provide assurance that the bidder will, upon acceptance of the bid, execute the necessary Contract with the City of Mason. No bid may be withdrawn after scheduled closing time for receiving bids for at least ninety (90) days.

The Contract awarded under this Invitation to is expected to be funded in part from the Michigan State Cleanwater Revolving Fund (CWSRF) and Environmental Protection Agency (EPA) Community Grants (CG) and Sewer Overflow and Stormwater Reuse Municipal Grant (OSG). CWSRF, CG, and OSG requirements are included in Section “Instruction to Bidders” and Section “Supplementary Conditions,” and are a condition of this Contract. The Bid Proposal shall also include a breakdown of the amounts for the CG and OSG components which are described in detail on the “Bid Form.” The Successful Bidder must comply with the Disadvantage Business Enterprise (DBE) Procurement requirements, Davis-Bacon Act and Section 436 of P.L.113-76 American Iron and Steel Requirements for the full project and also comply with the Section 70911 to 70917 of P.L.117-58 Build America Buy America Requirements as required for the applicable portions of the project.

The successful bidder will be required to furnish satisfactory Performance, Payment, and Maintenance and Guarantee Bonds. The Owner reserves the right to reject all bids and to waive irregularities in bidding.
